HOOFLAND'S GERMAN BITTERS.
AND
Hoofland's German Tonic.
THE GREAT REMEDIES
FOR ALL DISEASES OF
THE LIVER, STOMACH, OR DIGESTIVE ORGANS.

HOOFLAND'S GERMAN BITTERS

Is composed of the pure juices (or, as they are medically termed, *Extracts*) of Roots, Herbs, and Barks, making a preparation, highly concentrated, and entirely *free from alcoholic admixtures of any kind.*

HOOFLAND'S GERMAN TONIC

Is a combination of all the ingredients of the Bitters, with the purest quality of *Santa Cruz Rum*, Orange, &c., making one of the most pleasant and agreeable remedies ever offered to the public.

Those preferring a Medicine free from Alcoholic admixture, will use

Hoofland's German Bitters.

Those who have no objection to the combination of the Bitters, as stated, will use

Hoofland's German Tonic.

They are both equally good, and contain the same medical virtues, the choice between the two being a mere matter of taste, the Tonic being the most palatable.

The stomach, from a variety of causes, such as Indigestion, Dyspepsia, Nervous Debility, etc., is very apt to have its functions deranged. The Liver, sympathizing as it does with the Stomach, then becomes affected, the result of which is that the patient suffers from several or more of the following diseases:

CONSTIPATION, FLATULENCE, INWARD PILES, FULLNESS OF BLOOD TO THE HEAD, ACIDITY OF THE STOMACH, NAUSEA, HEART-BURN, DISGUST FOR FOOD, FULLNESS OR WEIGHT IN THE STOMACH, SOUR ERUCTATIONS, SINKING OR FLUTTERING AT THE PIT OF THE STOMACH, SWIMMING OF THE HEAD, HURRIED OR DIFFICULT BREATHING, FLUTTERING AT THE HEART, CHOKING OR SUFFOCATING SENSATIONS WHEN IN A LYING POSITION, DIMNESS OF VISION, DOTS OR WEBS BEFORE THE SIGHT, DULL PAINING IN THE HEAD, DEFICIENCY OF PERSPIRATION, YELLOWNESS OF THE SKIN AND EYES, PAIN IN THE SIDE, BACK, CHEST, LIMBS, ETC., SUDDEN FLUSHES OF HEAT, BURNING IN THE FLESH, CONSTANT IMAGININGS OF EVIL, AND GREAT DEPRESSION OF SPIRITS.

The sufferer from these diseases should exercise the greatest caution in the selection of a remedy in his case, purchasing only that which he is assured from his investigations and inquiries possesses the merit, reliability and compounded in the purest and most skillful manner, and has established for itself a reputation for the cure of those diseases. In this connection we would submit those well-known remedies—

HOOFLAND'S GERMAN BITTERS
AND
HOOFLAND'S GERMAN TONIC.

PREPARED BY *DR. C. M. JACKSON,*
PHILADELPHIA, PA.

Twenty-two years since they were first introduced into this country from Germany, during which time they have undoubtedly performed more cures, and benefited suffering humanity to a greater extent, than any other remedies known to the public.

These remedies will effectually cure Liver Complaint, Jaundice, Dyspepsia, Chronic or Severe Diarrhœa, Chronic Dysentery, Diseases of the Kidneys, and all Diseases arising from a Disordered Liver, Stomach, or Intestines.

DEBILITY,

Resulting from any Cause whatever; PROSTRATION OF THE SYSTEM, induced by Severe Labor, Hardships, Exposures, Fevers, &c.

There is no medicine extant equal to these remedies in such cases. A tone and vigor is imparted to the whole system, the appetite is strengthened, food is enjoyed, the stomach digests promptly, the blood is purified, the complexion becomes sound and healthy, the yellow tinge is eradicated from the eyes, a bloom is given to the cheeks, and the weak and nervous invalid becomes a strong and healthy being.

PERSONS ADVANCED IN LIFE,

And feeling the hand of time weighing heavily upon them, with all its attendant ills, will find in the use of this BITTERS, or the TONIC, an elixir that will infuse into the veins, restore to the system the energy and ardor of more youthful days, build up their shrunken forms, and give health and happiness to their remaining years.

NOTICE.

It is a well-established fact that fully one-half of the female portion of our population are seldom in the enjoyment of good health; or, to use their own expression, "never feel well." They are languid, devoid of all energy, extremely nervous, and have no appetite.

To this class of persons the BITTERS, or the TONIC, is especially recommended.

WEAK & DELICATE CHILDREN

Are made strong by the use of either of these remedies. They will cure every case of MARASMUS, without fail.

Thousands of testimonials have accumulated in the hands of the proprietors, but space will allow of the publication of but few. These, it will be observed, are men of note and of such standing that they must be believed.

TESTIMONIALS.

Hon. Geo. W. Woodward,

Chief Justice of the Supreme Court of Pa., writes:

Philadelphia, March 16, 1867.

"I find 'Hoofland's German Bitters' is a good tonic, useful in disorders of the digestive organs, and of great benefit in cases of debility, and want of nervous action in the system. Yours truly,

GEO. W. WOODWARD."

Hon. James Thompson,

Judge of the Supreme Court of Pennsylvania.

Philadelphia, April 28, 1868.

"I consider 'Hoofland's German Bitters' a *valuable medicine* in case of attacks of Indigestion or Dyspepsia. I can certify this from my experience of it. Yours, with respect,

JAMES THOMPSON."

From Rev. Joseph H. Kennard, D. D.,

Pastor of the Tenth Baptist Church, Philadelphia.

Dr. Jackson—Dear Sir: I have been frequently requested to connect my name with recommendations of different kinds of medicines, but regarding it as out of my appropriate sphere, I have in all cases declined; but with a clear proof in various instances of its salutary influence, in spite of the usefulness of Dr. Hoofland's German Bitters, I depart for once from my usual course, to express my full conviction that, *for general debility of the system, and especially for Liver Complaint, it is a safe and valuable preparation.* In some cases it may fail; but usually, I doubt not, it will be very beneficial to those who suffer from the above causes

Yours, very respectfully,

J. H. KENNARD,
Eighth, below Coates St.

From Rev. E. D. Fendall,

Assistant Editor Christian Chronicle, Philada.

I have derived decided benefit from the use of Hoofland's German Bitters, and feel it my privilege to recommend them as a most valuable tonic, to all who are suffering from general debility or from deseases arising from derangement of the liver. Yours truly,

E. D. FENDALL.

AGENTS AND DEALERS IN
PIANOS, CABINET ORGANS, MELODEONS,
AND ALL KINDS OF
MUSICAL INSTRUMENTS,

respectfully inform the public that they are prepared to furnish Pianos of the following manufacture, or of any other make that may be preferred:

Albright, Reikes & Schmidt, Chickering & Son, Bradbury, Blake & Son, Hale & Son,
ESTEY & CELEBRATED
COTTAGE, HARMONIC AND BOUDOIR PIANO ORGANS, *MELODEONS.*

These Instruments stand unrivalled by any thing found in this country or in Europe, as is admitted by all impartial judges. The most eminent Pipe Organ Builders and Performers, the last to discover excellence in reed Tone, pronounced them vastly superior to all others for exceedingly pure articulation and round Tone, the essential feature in instruments of this class. We invite the severe scrutiny and criticism of all.

PATENT VOX HUMANA TREMOLO.

This late and most wonderful invention (so acknowledged by all the artists who have found only in the Estey Instruments. In attempting to describe the effect of this stop, we can say at least for the organ, it cannot be written, but must be heard to be appreciated. By this stop an ordinary performer can produce an effect which requires a life time of practice to attain to perfection on a violin. It entirely changes the reed Tone, giving the sympathetic weakness of the human voice, making it so melodious and pure that it never fails to enchant the listener.

THE HARMONIC ORGAN

for Churches, Halls and Parlors has a powerful sub-Bass with independent reeds, Harmonic attachment and Vox Humana Tremolo, and is the most perfect and powerful reed organ made, being nearly equal to a Pipe Organ of three times the cost.

All instruments warranted for five years.

☞BIBLE BANDS supplied with Instruments and music at reasonable terms.

A liberal discount allowed for Churches and Sabbath Schools.

☞Instructions given both in Vocal and Instrumental Music, at our rooms, and at pupils residences, either to individuals or classes, on reasonable terms.

The use of this oil as a hair dressing has been universal in every section of the country in the Spanish Main for centuries. No preparation of art could give that elegant luxuriance and abundance of hair which have so often been the admiration of travelers in Spain. This oil is highly and delicately perfumed, forming an article unrivalled in excellence and upon which the Spanish people for many years have set its seal of enduring approval.

FRIDAY, NOV. 13, 1868.

THEY WILL SEE IT.

Before twelve months pass away, thousands of misguided and deceived men who voted against us, will see their error and repent it.

The Democrats did their duty.—With noble candidates and right principles, they have reason to feel proud of their votes. Should the country go on in its march toward destruction—should high taxes continue, and the public debt increase—should we have no peace in and no revenue from the South—the fault will not be ours.

Grant is elected. The party in power will have both Houses of Congress and the President. They must bear the responsibility for all that takes place The Democratic party, in the name of the whole people, will hold them to strict account for every act.

THE Radicals claim the election of General Grant, on Tuesday week, as the "result of the deliberately expressed judgment of the people of the United States."

How about West Virginia, where not less than 25,000 voters are disfranchised? Or Missouri, where the number excluded from the polls reaches 90,000? Or Tennessee, where 80,000 whites are excluded, whilst negroes are indiscriminately admitted to the polls? Can it be said that the people of these States had the opportunity of expressing their judgment?

Or again: How about Viginia,—the mother of States and of Statesmen—grand of Mississippi and Texas, with an aggregate voting population of 250,000? These *States* were all denied any participation in the election. Their voice was not heard. Their judgment was not given.

THE late contest was virtually decided by the State elections held in Pennsylvania, Indiana and Ohio, on the 13th day of October. Had the first two States been carried by the Democracy, the election of Grant would have been rendered impossible. They were lost by very small majorities. A change of six thousand votes would have turned the scale. They were carried for the Republicans by the fraudulent and violent exclusion of legal naturalized voters, by extensive colonizations, by the direct and corrupt use of enormous sums of money, and by a substitution of new, feigned and false issues for the real questions which were before the country. It needed each and all of these things to extract a dishonest verdict in what was the decisive struggle of the campaign.

THERE is a nice "muss" in the Radical family of Florida. Governor Reed has been impeached by the Legislature for lying, stealing, corruption, bribery, and incompetency. He refuses to recognize the impeachment, and declares the Legislature an illegal body. Lieut. Governor Gleason having attempted to obtain possession of the Executive office has, with the Secretary of State, been sued by the Governor for conspiracy against the Government. Both the Governor and Lieutenant Governor have issued proclamations, the first asserting his position, and the latter declaring himself acting Governor. The Legislature has adjourned until January.

"Go it, husband! go it, bear!"

NEGRO SUFFRAGE.—To show the consistent adherence of Radicalism to its pledges, Forney's *Press* urges the immediate agitation of negro suffrage, for the North. Before the election, the platform manufactured at Chicago laid it down as a conceded principle "that the question of suffrage in all the loyal States properly belongs to the people of those States." The moment the election is over, it is proposed to establish it, through an amendment of the Federal Constitution. Such is Radical consistency.

THE New York Democracy have made themselves the rallying point for the broken legions of the great historic party of Jackson. When a disaster overtook a division in the late war, a brave old commander shouted to his panic-stricken men, "Rally on the colors!" Though the Democratic party has been defeated, the flag of the New York corps floats defiantly over Tammany Hall, and Marshal Hoffman cries out to his brethren in arms, "Rally on the colors!"

THE POWER OF GERRYMANDER.—Upon the Congressional tickets in Indiana, the totals sum up a Democratic *majority*, on the 13th ult., of 188. And yet the Democrats elect but *four*, whilst the Radicals elect *seven* Congressmen. This results from the iniquitous way the State is gerrymandered by the Radicals. The Radical party is a party of accursed injustice.

As a beginning to retrenchment of the expenses of the government, the New York *Times* urges that President Grant's salary shall be quadrupled. Of course, if a man who gets $25,000 a year ought to get four times as much, each subordinate Radical will see a still better reason for a like increase in his emoluments. Taxpayers, look out!

THE Philadelphia *North American* advises its Radical friends in Congress to act more carefully. It pronounces the Democratic party a plucky and powerful institution, ready to take advantage of every misstep. The more cool of the Republican leaders evidently see breakers ahead.

CAMPAIGN SUBSCRIBERS.—Quite a number of those who took the COMPILER for the campaign, have become permanent subscribers. This is as it should be. Let all the rest do likewise. We print the largest paper in this Congressional district—and, knowing what the public want in a country journal, have the vanity to believe that we make it as acceptable as any other.

Notwithstanding the two recent enlargements, the price remains the same—$2 a year in advance. Certainly the cheapest paper in this region, if not beyond it.

THE *Star* folks have been "sticking to it" to "redeem" this county since '54. They may "stick to it" until '04, and will have no more prospect of reaching the desired "redemption." The people themselves know exactly how to measure *their* "patriotism"—"virtue"—and "*tone*."

SMALL.—Acknowledgedly the smallest thing of the campaign was the *Star's* "flag-borrowing" article. The public couldn't see any "elevation of tone" in that.

"MONEY IS SCARCE."

This complaint comes to us from all quarters. "Money is scarce and business dull." Why? Those who read the clear and statesmanlike speeches of Governor Seymour can have no difficulty in learning the reason. The unwise legislation of the party in power is at the bottom of the trouble.

The Radical party destroyed the State Banks and set up National Banks in their stead. Under the old system, each State could establish as many Banks and authorize the issue of as much currency as the wants of its inhabitants required. But under the National Banking system, set up by the Radicals, only a certain amount of Bank notes can be issued; and instead of apportioning these among the several States, according to the wants of the inhabitants thereof, they were given out to those who were the first to apply for them. The New England States, with characteristic greed, made haste to organize Banks under the new law, and gobbled up an undue proportion of the National currency. Governor Seymour shows that Massachusetts sucked up fifty-seven millions of it, while Illinois, with double her population, got only ten millions. Rhode Island has forty dollars of this currency to every one of her inhabitants, whilst States in the middle and West have only ten dollars to each inhabitant.

Thus it comes that money is scarce and business dull in the middle and western States. Those who voted for Grant voted for this condition of things. If they are incommoded and suffer by it, they will have none but themselves to blame.

Those who voted for Seymour and Blair—for the immediate restoration of the Union—for the reduction of government expenditures and the consequent reduction of the public debt—for the lightening of taxation—for the more equal distribution of currency and the revival of business that would result therefrom—these will have no cause to reproach themselves, let matters go as they will. They can rest in the consciousness that they performed their full duty. If evil ensues, the fault will not be theirs.

THE OLD GUARD NEVER SURRENDER.

The Democracy never surrender They may suffer defeat after defeat, but their organization can never be broken, their principles never changed. From the earliest period of the formation of the party to the present day, whether the sun of victory shone upon them or the clouds of adversity covered them, that grand old party have never changed their name or moved an inch from the path originally marked out for them. They are the same constitutional party to-day they were in 1800, when Jefferson was elected President of the United States; and what their principles and name are now, they must forever remain, until the constitution is utterly rejected by a mercenary and degenerate people, and the country madly given over to military despotism or some other form of government different from that which our fathers founded and we have so long enjoyed and prospered under.

All other parties that have ever existed in this country have been ephemeral—the mere creations of a day—coming and going, like actors on the stage, under different names; but the principles of Democracy are the eternal principles of truth, justice and freedom, and while the Heavens exist they cannot change.

Retaining their original name—maintaining their original principles—they are as ready this day to do battle with the Radicals or any other enemies of the Republic as they were on the 13th of October and 3d of November.—*Patriot.*

THE FUTURE.

It is gratifying to see the earnest determination of the Democracy to continue the great fight until victory crowns their efforts. The Democratic party, though apparently defeated in the general issue, is stronger to-day than it has been for many years. The immense gains they made at the last election clearly show what they can do in the future. They have now Democratic Governors in New York, New Jersey, Connecticut, California, Delaware, Maryland and Kentucky, and they have legally elected enough Congressmen to deprive the Radicals of their two-third majority in the House of Representatives. In every part of the country they are perfecting their organization, and a cheerful hope for their party's future animates them in every locality. Everywhere they are standing firm and undismayed, with their old flag proudly floating over them, and not yielding to the foe one iota of their deathless principles. That's right—stand firm—keep up the organization—work on—fight on—"the hour that is darkest, is the hour before day!"—*Age.*

GRANT SPEAKS.

Gen. Grant has made two speeches since the election. At Galena, in response to a serenade, he expressed "thanks for the honor done him," but said not a word as to his probable course in the Presidency. Arriving at Washington, quietly and without parade, the Radical Mayor and others waited upon him, and offered a grand public reception. He replied:

"Gentlemen: I am very glad to meet you all, and receive your congratulations, but hope you will spare me any public demonstration, as I live here in this city, and will be glad to receive my friends at any time, without display. I much prefer having none, and none will be held with my consent. To receive you at any time, either here or at my residence, without any demonstration, will be much more agreeable to me, and I hope it will be agreeable to you. I shall take the demonstration all for granted, and appreciate your motives the same."

The Radical politicians do not know "what to make of him."

WE have gained two more Congressmen in New York.

Another in New Jersey, and a United States Senator in place of Frelinghuysen.

And we have gained several Congressmen in the South.

BELOW will be found what is deemed a proper text from which to preach the funeral sermon of Ben. Butler, from Jeremiah 11:19: "And the basins, and the firepans, and the caldrons, and the candlesticks, and the *spoons*, and the cups, that which was of gold in gold and that which was of silver in silver, the captain of the guard [at New Orleans] took away."

Of the votes given to General Grant, those of Arkansas, Florida, West Virginia, Missouri, North Carolina, South Carolina and Tennessee, amounting to *fifty-one*, were all controlled and carried by force and fraud.

For the Gettysburg Compiler.

EAST BERLIN.

Mr. Editor:—In looking over the last *Star*, I noticed an article in relation to the disturbance that occurred in East Berlin on the night of the Republican meeting—the close of the article casting severe reflections upon the Democratic party in general as being in sympathy with and conniving at the disturbance.

The facts of the matter, as I understand, are these: A few days prior to the meeting there was a report in circulation that the committee appointed by the Republican party to make the necessary arrangements for the reception of the incoming delegations, wrote to several of our neighboring towns, calling upon their friends to rally to their support, alleging (without foundation) that they expected a disturbance. Consequently they felt anxious to have a sufficient number of rowdies collected together to have a general rowdy "bustification."

From some cause or another, (probably on account of respectability or too honorable to engage in a business of that description,) they failed to collect together from any other source, with the exception of a fragment of that rowdy element which so cowardly insulted the Democratic meeting in Hampton a few years ago.

After the meeting was organized, without any interruption, many of the Democrats collected together on the opposite side of the street, in order to hear the issues of the day discussed. Shortly after, some member of the Republican party cheered for Grant. Some boy opposite cheered for Seymour. Then came the infamous assertion from a Radical, "Hang the son of a b——h, and his supporters with him." This caused intense excitement and confusion, which reigned for a short time, but by the interposition of a few influential Democrats, quiet was restored, and the speaker proceeded.

The writer in the *Star* says "nothing but marked coolness and forbearance prevented a serious collision." If "marked coolness and forbearance" consist in expressions like the above, I am able to vouch for the truth of his language.

He speaks in very laudatory terms of Col. J. J. Kuhn, for endeavoring to prevent any disturbance, and yet at the close of his article holds the Democratic leaders (the Colonel, of course, among them,) responsible for the disturbance. We hold the Republican party responsible for the origination of the disturbance on the night of the meeting—and also for the disturbance that occurred at the Presidential election, brought about by one of the leaders of the Republican party marching up to the poll, under the influence of Captain Whiskey, and repeatedly hurling into the teeth of an old citizen, "traitor" and "copperhead," until cuffed and collared, and until that pretended "Jeffersonian Democracy" oozed out of his nostrils, and he became a simon pure, true-blue, forbearing citizen.

NEGRO SUFFRAGE.

Now that the election is over, and there is no danger of damaging the Radical cause before the people, several of the leaders of that party throw aside all disguise and come out boldly in favor of enfranchising the negro in all of the States.

Forney, in his *Press* of Friday, speaks thus plainly:

"Common justice, common humanity, and common gratitude call on us now to *enfranchise with the ballot* the colored man in every State. It can be done safely and successfully. *We have no Presidential election to imperil now.* We are on the wave of success."

The italics are ours.

Forney then proceeds to show how this great work is to be accomplished. He is not willing to trust the people. By no means. That would be following in the footsteps of the fathers of the Republic. But he calls upon Congress to complete the good work they have commenced in enfranchising the negroes of the South, by proposing "an amendment to the Constitution conferring the power to vote for national purposes and offices on colored men, *under equal conditions with white men.*"—Such amendment, when ratified by three-fourths of the States, would be the law of all.

He then shows that negroes now vote absolutely in nineteen States, and qualifiedly in two others—making twenty-one—and when Virginia, Mississippi and Texas are admitted, making twenty-four States in which the negroes are now invested with the right of suffrage—and leaving but *five* to secure the requisite number of three-fourths of the whole number of States. This number is then claimed with entire certainty out of the eleven States wherein the Radicals control the Legislatures, and wherein negroes are not now allowed to vote, and which Legislatures, says Forney, "*are competent to ratify the amendment for the people of their respective States.*"

Thus we have the entire programme. We thank Forney for this early and frank avowal of the purpose of his party. It is precisely what the Democrats have been constantly predicting, but which has been as persistently denied by the Radicals.

Let the masses of the Radical party now contemplate the entertainment to which they are so soon to be invited.—*Patriot.*

THE *Star* editors boast that they "have again secured" the offices.—"That's what's the matter." The country may be cursed with bad laws—corruption may be rotting the heart of the nation—labor may be pressed to the earth with taxes. No matter.—Radical editors are again sure of office, and that is all *they* care about. When will the people—the oppressed, suffering people—open their eyes to the selfishness and hypocricy of the Radical leaders?

THE *Democratic party never dies.* It has more real vitality in this hour of its defeat than the Radical party has in the hour of its victory.

HAD Virginia, Texas and Florida been allowed to vote for President, their votes would certainly have been cast for Seymour.

LUCY STONE and Mrs. Blackwell, her mother-in-law, offered their votes in the Eleventh ward, Newark, N. Y., on election day, but the judges refused to receive them.

MRS. PARTINGTON (P. B. Shillaber) was a Democratic candidate for the Massachusetts Legislature in the recent election, and was defeated.

GOVERNOR GEARY, of Pennsylvania, has announced himself as a candidate for re-election.

THE Radicals have lost their two-thirds in Congress.

AN iron furnace will shortly be established at York.

TOWN COUNTY AND SURROUNDING COUNTIES

Communion.—There will be communion at the Hunterstown Presbyterian Church on Sunday next, the 15th inst., Rev. Dr. Watson officiating. Preparatory services on Saturday at 10½ o'clock, A. M.

Railroad Dividend.—The Hanover Branch Railroad Company has declared a dividend of five per cent. on the capital stock, for the last six months, clear of all taxes.

Dividends.—The First National Bank has made a semi-annual dividend of 4½ per cent.; the Gettysburg National Bank has made a dividend of 6 per cent.; and the York & Gettysburg turnpike company 1 per cent.

Damage Claims.—Mr. McAlarney, the clerk to the board of Damage Commissioners, was here on Tuesday and Wednesday, to receive additional claims. Several hundred were presented and filed. We have not room for the list this week, but hope to give it in our next.

Death of Ex-Sheriff Gilbert.—Bernhardt Gilbert, Esq., formerly of this place, died at Athens, Tenn., on the 27th ult., at the advanced age of 82 years 6 months and 3 days. The deceased, many years ago, kept a hotel at Fahnestocks' corner, and in 1821 was elected Sheriff of the county. In 1842 he removed to Tennessee, where he ended his days at the ripe old age of more than four score years. He was whilst here an enterprising and useful citizen—widely known and esteemed.

Sudden Death of a Stranger.—We are indebted to Dr. Smith, the obliging and efficient Superintendent of the Gettysburg Springs Company, for the following facts:

William Johnson, a native of Scotland, aged about 30 years, light complexion, 5 feet 8 inches in height, who had been at work on the Gettysburg Springs Street Railroad for some weeks, was, on Tuesday, at 3 P. M., taken suddenly ill, and left the works for his boarding house, Mr. Frock's, in Cumberland township, and was found dead by the road-side, near the residence of Mr. C. J. Tyson, at sun-down, by his fellow workmen. The body was removed to the residence of Mr. Frock, and buried on Wednesday evening in Ever Green Cemetery, the burial lot being furnished by the officers of the Presbyterian Church. Nicholas Weaver and Dr. T. T. Tate gratuitously furnished the hearse and carriages. Although this man died among strangers, his funeral was largely attended by our citizens and employees of the Gettysburg Springs Railroad Company. Nothing is known of his residence. He had conducted himself in a manner to attach himself to his employers and fellow workmen by his steady habits and good behavior. He had remarked that he had five sisters, but no mention was made of their residences.

County Commissioner.—Moses Hartman, Esq., was, on Friday last, sworn in as County Commissioner, in place of Samuel Wolf, whose term expired. Mr. Hartman has admirable qualifications for the position, and will, we are certain, make an excellent officer.

The Board now consists of Messrs. Nicholas Wierman, Jacob Lott and Moses Hartman—with Mr. Wierman as President.

The following appointments have been made for the ensuing year: Clerk, J. M. Walter, Esq.; Attorney, Wm. McClean, Esq.; Physician to jail, Dr. J. W. C. O'Neal; Court-house Keeper, Michael Rupp.

Teachers' Institute.—The Adams County Teachers' Institute has been in session in the Court-house since Monday. The sessions have been attended by full houses, day and evening, a degree of interest rather unusual being manifested by teachers and citizens. The distinguished gentlemen from abroad promised by Mr. Sheely are here, giving the Institute the benefit of their best powers.

A very satisfactory report of the proceedings up to the time of closing our forms will be found in other columns.

The Adams County Teachers' Institute is no longer a second rate concern. The present meeting gives it rank among the first in the State—thanks to Superintendent Sheely's untiring efforts to have it attain such rank.

Property Sales.—John W. Weigle, of Highland township, has purchased the house and lot of David Bluebaugh, on West High Street, in this place, at $2,425.

Daniel H. Klingel has purchased of Messrs. O'Neal, Duncan and Fahnestock, the weatherboarded house on the Vandersloot lot, on Baltimore street, at $1 400. Mr. Klingel intends to take down the old and erect a handsome brick building instead.

John Houck has sold a brick dwelling on High street, near the Jail, for $1,200, to Mrs. Eliza M. Miller.

The property of Rachel Steinour, in Butler township, nearly 6 acres, has been purchased by William Grumbine, for $325 cash.

John Hartman has sold the Thomas Orr farm, in Highland township, to Paul Sowers.

Radical Jollification.—The Radicals had a jollification on Monday evening—more, it seemed, to "follow a fashion," than from any real enthusiasm in the party. Several of the leaders and *all* the place-hunters, (including nine for the Post Office,) illuminated their residences. The negroes, in the back streets, we are told, were also "heavy" on "tallow dips." They take it that the triumph of the Radical party is *their* triumph—and, the sayings and doings of the Radical leaders considered, not without reason.

The procession was small, and but for the "White River Band," (not a political organization,) would have been the flattest, stalest, most novelty-lacking concern of the kind on record. In front of the Eagle Hotel, the *Bogus*, P. D. W., Dr. Weaver, McKenzie, *of the Theological Seminary*, and others, held forth in characteristic style, when the performance broke up—to the relief of all concerned.

Photographs.—For good Photographs, go to Tipton & Myers's. Also Frames, Albums, &c., very low. Tyson's old stand. tf

Big for its Age.—Mr. Philip Oldwhiler, says the Columbia *Spy*, of Donegal township, killed a hog on the 4th inst., which was eight months of age, weighing 350 pounds, cleaned. A calculation shows that the hog increased nearly a pound per day in weight.

GOLD is found in twenty-five counties in North Carolina, and the annual yield is estimated at $500,000.

Gettysburg Building Association.—The semi-annual reports on the First and Second Series of the Gettysburg Building Association, made last Saturday evening, show the association to be in a very flourishing condition.

In the First Series $9,816 06 were received—the dues amounting to $6,732 72, the premiums to $2,096 24, the interest to $687 90, with some other items—in six months

In the Second Series $8,815 30 were received—dues $6,595 50, premiums $1,972 50, interest $129 00, &c.—in the same time.

In the First Series, 18 months, 105 shares have been paid, at $250 00, making a total of $26,250 00. Amount paid in on each share $39 00; present value of each share $52 95.

In the Second Series, 6 months, 85 shares have been paid, at $250 00, making a total of $8,750 00. Amount paid in on each share $13 00; present value of each share $17 50.

Digging for Coal.—We understand that unmistakable evidences of coal have been discovered in Mifflin township, and that a company has been organized to give the subject a thorough investigation. It will be a great thing for the Cumberland Valley if coal is discovered along the North Mountain, so near to the Iron beds on our Southern border, and we trust the investigation now being made will be so thorough as to settle forever the question of coal in Cumberland county.—*Carlisle Volunteer.*

Thomas McKnight, twenty years ago, explored for coal in our South Mountain, and was laughed at for his pains His hope may be realized yet.

How Many Snows?—A friend in Manchester township, who predicted there would be twenty-two snows last winter, and there having been exactly that number, claims we are to have eighteen this winter, and that two of them will be very deep—that one of the two will be a "staver," about three days in falling, and will probably shut up, partially, a number of houses. Of the eighteen snows we were to get, two have already fallen, (one last Sunday,) therefore sixteen are still due.—*York Penn.*

A Veteran at the Polls.—Old Mr. Edward Evans, of this borough, voted for Seymour and Blair at the late election, making the eighteenth time that he has voted for candidates for President and Vice President. His first vote was for Thomas Jefferson in 1800 and he has voted at every election since, excepting last October when he was not well enough to get to the polls, and every time he has voted the Democratic ticket. We venture to say that there are very few who can show as good a record as Mr. Evans; and we hope that this may not be his last vote, but that he may live to cast it many more times for the true principles of Constitutional liberty.—*Chambersburg Spirit.*

Reformed Synod.—This body closed its 122d Annual Meeting, held in this town, on Friday morning last, having continued for nine days. As we stated in our last, the session was an important one, and much business relating to the interests and welfare of the Church was considered and generally speaking satisfactorily disposed of. Among other things, it was resolved that an additional Professor should be elected in the Theological Seminary at Mercersburg, but that he should not take his seat until the necessary funds for his support could be raised. The Rev. D. Gans, D. D., of Norristown, Pa., but formerly of our town, was elected. It was also decided, whenever the means could be obtained for the purpose, to remove the Seminary to Lancaster, Pa., so that it may be close by Franklin and Marshall College. The next meeting of Synod will take place in Danville, Pa.—*Harg. Herald.*

Brought On.—A Pittsburg detective brought on last week, Harry Weaver, charged with complicity in the murder of Andrew Rowland a few weeks since. He had a hearing before Justice Blershing and was committed to answer the charge. There are now five in jail charged with participancy in this murder.—*Hagerstown Mail.*

Premiums.—At the recent Frederick County Fair, Mr. P. J. Tate, of this place, took a premium of $10 for the best one-horse buggy. I. P. Diller, of Hanover, took a premium of $20 for the best pair iron gray carriage horses. Mt. St Mary's College took a large number of premiums for stock, vegetables, &c.

Why Is It that the stitch made by all Shuttle Sewing Machines will not stand washing? Because it is not elastic. The Grover & Baker Machines are the only ones that make the elastic stitch. The first premium at the late Frederick County Fair was awarded to the Grover & Baker. Silk, cotton, needles, oil, &c., constantly on hand.

Another Supply.—R. C. Cobean, Chambersburg street, near the Keystone House, has just been to the city and laid in a large supply of Hats, Caps, Boots, Shoes, Notions, &c., which he can sell at reduced prices. Great variety to select from, of best manufactures. Call and be satisfied.

His stock of Harness is attractive, as heretofore, and no one can offer superior inducements. Purchasers in this line are asked to see for themselves. No trouble to show goods. nov6 3t

The Morning Glory.—Col. C. H. Buehler has received a large assortment of these famous base-burning Stoves, which on the score of economy, cleanliness, easy management, and general utility, stand unrivalled and defy competition. The great demand for them last season taxed the capacity of the manufacturers to meet the demand. They are much improved and will doubtless ere long take the place of all other stoves for parlor, office, store and shop. Call and look at them, at the Wareroom on the corner of Carlisle and Railroad streets, opposite the depot.

Also, on hand a full assortment of the best varieties of COOKING STOVES, including the Spear, Noble Cook, Waverly, Oriental, Washing, Barley Sheaf, Prince Royal, Royal Cook, Excelsior, &c. &c., all WARRANTED to be good bakers. If not satisfactory, they can be returned and the money refunded. Also, a large assortment of Hollow Ware and Tin Ware, Doty's Washing Machine and Universal Wringer. Call and examine. tf

TEACHERS' INSTITUTE.

Agreeably to the call of the County Superintendent, the Adams County Teachers' Institute convened in the Court House, Gettysburg, at 2 o'clock, P. M., Monday, Nov. 9th, 1868. This is the 10th annual session of the Institute, and by far the most successful that has ever been held in the county. For a number of years these meetings have been gaining in size, interest, and importance, and Adams can now boast of having Institutes inferior to few in the State

The meeting was promptly organized at the hour announced, and, after prayer by Rev. Breidenbaugh, the roll, as prepared by Mr. Sheely, was called, when 80 teachers answered to their names. Minutes of the last session at New Oxford were read and approved. Mr. Sheely next occupied the attention of the Institute for a short time in making a brief address of welcome to the teachers, after which he explained the object of Teachers' Institutes in general and this one in particular.

He enjoined upon teachers the importance of being punctual in their attendance and prompt in the performance of such duties as may be assigned them, and advised all to provide themselves with blank paper or books in which to record, for future use and consideration, all valuable suggestions, thoughts and observations.

On motion of Miss O. J. Heinerd, a committee of five was appointed to nominate officers for the ensuing year. On motion Mr. Sheely appointed the following Committee: W. C. Seabrooks, O. J. Heinerd, Kate Miley, M. Warren and C. P. Hamilton. The committee retired to one of the jury rooms and shortly returned with the following report: For President, J. H. Wert; Vice do., W. C. Seabrooks; Sec., J. H. Slaybaugh, Assistants do., Miss S. Sanders and Miss Sue Bushey; Treas., A. Sheely; Executive Committee, A. Sheely, W. H. Black and Jennie Hamilton. On motion the report was received, the committee discharged, and the nominees elected by acclamation.

On motion the hours of business were fixed as follows: from 9 to 12 in the forenoon, 1½ to 4½ in the afternoon, and from 6½ to 9 o'clock in the evening.

Institute next proceeded to the election of a committee of five on Permanent Certificates, as by law required. Mr. Sheely furnished a list of teachers eligible to membership of that committee, and on motion they were all considered as candidates. On first ballot the following were elected for the ensuing year: J. H. Wert, C. P. Hamilton, O. J. Heinerd and Jennie Hamilton, with a tie vote between Miss Chronister and Miss Warren. The hour of 4½ having arrived, Institute adjourned.

In consequence of a political fandango on the street ycleped a "jollification," and the noise and confusion incident thereto, it was found impossible to transact any business at the regular hour, although fully three-fourths of the teachers were present. At 8 o'clock the Vice-President called the meeting to order, when at the suggestion of Mr. Sheely, Institute adjourned.

TUESDAY.—*Morning Session.*—Institute called to order at 9 o'clock. Prayer by W. C. Seabrooks. Roll called, and minutes read and approved. On motion, Institute proceeded to the election of the fifth member of the committee on Permanent Certificates, which resulted in the election of Miss Ollie E. Chronister.

Mr. A. McElwain occupied the next half-hour in giving instruction in Arithmetic. He first made some general remarks on the subject, and then explained and illustrated, in a familiar way, Fractions and Cube Root. After a short recess, Mr. Sheely took up the subject of Geography, and after making a few remarks in a general way, as to the manner of organizing a class, the best way to secure the attention and interest of the class, he gave what he conceived to be the best method of teaching this branch.

Mr Woodruff, of Chester county, then took up the Study of Language, and presented it in a very interesting and masterly manner. He was listened to with attention, and created a very favorable impression at this his first appearance.

Prof. Bailey, of Yale College, was introduced at 15 minutes past eleven, and favored the Institute with an introductory lesson to teachers in Reading and Elocution. The Prof. proved himself a master of his art before he had spoken five minutes.

The time for convening the afternoon sessions was changed from 1½ to 2 o'clock.

Afternoon Session.—Prayer by Rev. Breidenbaugh. Music by Institute and Prof. Gundrum. The committee on Permanent Certificates reported that such were granted to J. H. Wert and Daniel S. Chronister.

The subject of Arithmetic was resumed by Mr. McElwain, followed by Mr. Sheely. Mr. Woodruff continued the subject of Language, enforcing the importance of a correct use of words. Prof. Bailey followed, with instruction in Elocution.

The time for opening the evening sessions was changed from 6½ to 7 o'clock.

Evening Session.—Prayer by Dr. Brown. Music by choir. An able address on the connection between Common School and Collegiate Education was delivered by Dr. Valentine, President of Pennsylvania College Mr. Woodruff followed with a practical talk to teachers on subjects relating to their profession.

Prof. Ermentrout, of Berks county, was then introduced, and delivered a short but telling address on the general subject of Education.

WEDNESDAY.—*Morning Session.*—Exercises opened with prayer by Rev. Mr. Deatrich, followed with music by Prof. Gundrum. A unanimous vote of thanks was tendered Dr. Valentine for his able and interesting address the previous evening.

The President announced the following committee on Resolutions: Mr. J. U. Neely, chairman, and Misses O. J. Heinerd and M. J. Warren.

Mr. McElwain continued the subject of Arithmetic; followed by remarks on word pronunciation by Mr. Woodruff. Etymology was briefly discussed by Mr. Ermentrout. Prof. Bailey followed on Elocution, dwelling particularly on Emphasis.

Afternoon Session.—Prayer by Prof. Ermentrout. Music by Institute. Mr. Hankey offered resolutions on the death of Thaddeus Stevens; adopted. Mr. McElwain continued on Arithmetic. Mr. Woodruff discussed methods of teaching Spelling. Prof. Bailey followed, on Time and Force in Elocution, giving illustrations.

Evening Session.—Prayer by Dr. Brown. Music by the choir and Prof. Gundrum. Prof. Ermentrout then delivered an excellent lecture on the duty of teachers. Prof. Bailey, after some remarks on the importance of cultivating the imagination, read a number of choice selections in admirable style. Everybody seemed pleased. The audience, though an admission fee was charged, was larger than on any previous occasion. Every inch of sitting and standing room in the Court Hall seemed to be occupied.

THURSDAY.—*Morning Session.*—Prayer by Prof. Ermentrout. Mr. Sheely called the attention of the teachers to the *School Journal*; followed on the same subject by Messrs. Woodruff and Ermentrout. Mr. McBride moved that the next meeting of the Institute be held in Petersburg. Mr. Wolf proposed New Oxford. Gettysburg was also proposed; and after some discussion, Gettysburg was selected.

Prof. Ermentrout spoke on the importance of the English language and the relation of Etymology to it. Prof. Bailey followed, with remarks on defects of Elocution and the subject of Slides.

The sessions will close this evening.

Watson's Philadelphia Business Directory for 1869.—We call the attention of our Merchants to this new and valuable little work of reference to the Trade of Philadelphia, and commend its utility to every merchant buying goods, or doing business with Philadelphia to the extent of a thousand dollars a year. It will contain a classified list of all the Merchants, Manufacturers, and Professional men of Philadelphia, arranged in systematic alphabetical order, a well executed Lithographic Map of the City, and views of the Public Buildings, with other objects of interest in and around the Quaker City. In ordering goods, directing correspondence, or ascertaining where to obtain any article of trade, or manufacture, it will be indispensable to our Merchants. Such a work is much needed, and its popularity, and the standing of the publishers, is vouched for by the Daily Inquirer, Telegraph, and the leading Daily and Weekly Press of Philadelphia. Messrs. Watson & Co., 219 Dock Street, Philadelphia, are the Publishers, and will send the work as soon as issued, by mail, postage prepaid, upon the receipt of One Dollar. Send your subscriptions in immediately.

Ballou's Monthly Magazine.—The December number of this popular Magazine is received. We find it filled with that charming variety of illustration and interesting letter-press so well calculated to keep it at the head of the cheap Magazines of the country. Shillaber treats us to one of his most musical illustrated poems; Mrs. Edson closes her interesting serial, "A Woman's Error;" William L. Williams gives the young folks an exciting story, while Jane G. Austin, James Franklin Fitts, Catharine Earnshaw, W. H. Macy, N. P. Darling and several other writers of more or less note furnish each a capital story or poem. The humorous pictures are uncommonly good, embracing four different subjects, illustrated by six engravings designed by Rogers.

The publishers announce for 1869 a new serial by the charming Miss Camilla Willian, also an original story for boys and girls, to run through the year, by Horatio Alger, Jr., one of the most popular writers for the young. They also promise increased attractions in stories and illustrations, for the coming year, over those of any previous one. As their promises have been more than performed in the past, we have reason to believe they will continue to be in the future, though it is difficult to see how Ballou can be much improved over its present excellence. It is sent to subscribers at $1.50 per year, or in clubs for $1.25. Elliott, Thomes & Talbot, Publishers, Boston, Mass.

WHEN THE PRESIDENTIAL ELECTORS MEET.—The electors chosen in each State meet at the capitols of their respective States on the first Wednesday in December. They vote by distinct ballots for President and Vice-President, and send the result, carefully sealed, by a special messenger, who will deliver it to Hon. Benj F. Wade, President of the Senate, The Senate and House, having fixed a day for a joint convention, will assemble together in the House. Mr. Wade will open the certificates, count the votes, and announce that Ulysses S. Grant is elected President and Schuyler Colfax Vice-President of the United States.

GRANT'S majority in Pennsylvania will foot up about 28,000. The aggregate vote is probably 13,000 short of that cast at the October election.—The Radical Return Judges in Philadelphia threw out about 3,000 Democratic votes, in violation of all law. These facts account for the increase in the Radical majority. The official vote will be published as soon as fully received.

SEYMOUR'S majority in New York is 8,000. Hoffman's, for Governor, 28,000.

New Jersey gives 2,600 for Seymour, and something more for Randolph, Democrat, for Governor.

Oregon is still claimed by both parties. So is Alabama.

CONGRESS was in session the other day for a few minutes. The Radical *party* did not demand more.

CANADA has a young lady of 23, who is seven feet seven inches tall, and weighs 300 pounds.

"LET US HAVE PEACE!"

As one among the first "peaceable fruits" of Grant's election, we hear of a defeated Radical candidate for Congress in Tennessee *arming the negroes to force* a return in his favor. Here is what the telegraph reports:

MEMPHIS, November 10.—A dispatch was received by General Granger, last night, from R. P. Price, Commissioner of Registration at Mason's Depot, Tipton county, stating that the greatest excitement existed there in consequence of a report that General Smith, the defeated candidate for Congress, was coming there with a large body of armed negroes to take depositions for the purpose of contesting the election of Leftwich, and asking for troops to preserve order.

This morning a dispatch was received from Sheriff Slaughter, stating that about one thousand armed negroes, principally from Fayette county, had arrived there. The greatest apprehension was felt for the safety of the whites, and many women and children had left on the train, in consequence, since noon. It is impossible to communicate by telegraph with that point, and it is believed the operator has been driven away.

General Granger dispatched fifty men of the Twenty-fifth infantry, under three officers, by a special train to-night, for the purpose of preserving order.

"Let us have peace!"

SPEECH OF GOVERNOR HOFFMAN.

NEW YORK, Nov. 6.—The Empire Club serenaded Mayor Hoffman, Governor elect, this evening, at the Clarendon Hotel. He returned thanks, and spoke at some length on the result of the recent election, and said that during the canvass he had never said an unkind word regarding Gen. Grant. If he should adopt a constitutional policy he would earn and have the support of the Democratic party, but if his administration was of a Radical partizan character, he would fall never to rise. With reference to himself he said that as he had once proved that he was not afraid of rioters, neither was he afraid of those whose conduct tended to produce riot. In response to the threatened contest of the election, he said that while it might be possible to deprive Senators and Representatives in Congress of their seats in this way, it would be found impossible thus to deprive him of the office to which he had been legally elected by the votes of the people of the State.

A REVOLUTION has broken out in Cuba. The revolutionists expect help from an expedition of 3,000 men said to be fitting out at New Orleans, and headed by the old filibusters.

"In the midst of life we are in death." How true is this sad expression as we see it verified in the sudden death of MAGGIE HAUSHALL, whose prospects a few weeks back bid fair for a long life. Though she has finished her earthly race, she is now in beauty blooming, a plant in Paradise." Not alone by her kindred and friends will she be mourned, but by all who knew her; and she will ever be fresh in the memory of her schoolmates, to whom she was always kind and cheerful. But they, with her relatives, will remember "she is not dead but gone before." Farewell, Maggie, but not forever.

Only rest thou till our longer race
And homeward toils shall close,
Then shall we seek the resting place
And share thy long repose.

NATURE'S GREAT RESTORER.

SCHEETZ'S
CELEBRATED
BITTER CORDIAL.

THIS medical preparation is now offered to the public as a reliable substitute for the many worthless compounds which now flood the market. It is purely vegetable, composed of various herbs, gathered from the great storehouse of nature, and selected with the utmost care. It is not recommended as a cure for All Ails, but by its direct and salutary influence upon the Heart, Liver, Kidneys, Lungs, Stomach and Bowels, it acts both as a preventive and cure for many of the diseases which those organs are subject. It is a reliable Family Medicine, and can be taken by either infant or adult with the same beneficial results. It is a certain, prompt and speedy remedy for DIARRHŒA, DYSENTERY, BOWEL COMPLAINT, DYSPEPSIA, LOWNESS OF SPIRITS, PAIN IN THE SIDE, HEADACHE, &c. For CHILLS and FEVERS of all kinds, it is far better and safer than quinine, without any of its unpleasant effects. A few doses will restore the appetite, proves a powerful digester of food, and will counteract the effects of liquor in a few minutes.

TESTIMONIALS.

Philadelphia, March 10th, 1868.

JACOB SCHEETZ, Esq.—My Dear Sir. Some eight months ago, when suffering from great nervous prostration, the result of exposure and overtasked energies, I was induced by you (an old friend) to take a tea tonic your celebrated Bitter Cordial; and so agreeably surprising have been its beneficial effects, that I cannot refrain from thus bearing testimony in its favor. As a beverage, refreshing, pleasant and delightful as a glass of rich dark brown sherry; as an appetizer is for more medicinal; and as a tonic does not exist its equal or more potent compound I ever knew. Altogether, I consider it one of the happiest combinations of medicinal herbs ever offered to the public as a curative. I most cheerfully and confidentially recommend it to every sufferer from Debility, Dyspepsia and Rheumatism. As a substitute for the villainous and pernicious concoctions imbibed at too many of the public bars of the present day, it must also prove a blessing.
Very truly yours,
ALEXANDER W. BLACKBURN,
Late Marshal.

Philadelphia, Feb. 10, 1868.

DEAR SIR: This is to certify that I have been intimately acquainted with Scheetz's Celebrated BITTER CORDIAL for the past four years, and have seen its effects in Dyspepsia, Nervous Diseases, Rheumatism, and all the various forms of General Debility tending to debilitate, and from my knowledge of said bitters, I have no hesitation in pronouncing them the best general remedy for the above diseases that is now known. You may use this in any way you desire.
WM. CLARK, M. D., 816 Market St., and N. E. Cor. 6th and Callowhill.

Philadelphia, April 12, 1868.

JACOB SCHEETZ—Dear Sir: It gives me pleasure to bear testimony to the efficacy of *Scheetz's Celebrated Bitter Cordial.* My daughter, who has been afflicted for the last two years with indigestion and Dyspepsia, for which she had the services of medical skill, and also tried various remedies without avail, was at last induced to try your "Celebrated Bitter Cordial," and I am happy to say her health has been entirely restored by its use. I would therefore recommend it to sufferers laboring from the same cause, as I believe it to be an invaluable remedy in such cases.
Very respectfully,
W. EASTLOCK, 2306 Green St.

MR. SCHEETZ: I have used the BITTERS I obtained from you and find them to be all you represented them to be. I found one bottle to afford me considerable relief. I felt as though I cannot do very well without them under my present state of health.
D. BENDIX, 191 South 4th st. Philada.

Pastor Baptist Passyunk Church.

MR. JACOB SCHEETZ—Sir, I cannot refrain from expressing my entire confidence in the wonderful powers of your "Celebrated Bitter Cordial." I administered it to my child eighteen months old, for Bowel Complaint; to my neighbors' children for pain in the stomach and other ailments; to my adult friends for Diarrhœa, with astonishing cures. I was dreadfully troubled with Headache, and after all the failed of cures without relief, and becoming satisfied that the kidneys is the centre from which Rheumatism is made a firm stand against all liquors, particularly malt, and used your renowned Herb and Wahington Bitter Cordial effectually, and have had no Rheumatism during the Winter last past, notwithstanding its severity and many changes.
Yours truly,
P. HINKLE, JR.

JACOB SCHEETZ—Sir: I was suffering for some time with Dyspepsia, and also weakness and nausea of the stomach, and after trying some of your BITTERS it caused me to throw off all the foul matter, and relinvigorated my system. It has effected, I think, a permanent cure.
You are at liberty to use this certificate if you think proper.
ANN HALLMAN, 4550 Main St.
Germantown, Pa.

Mr. JACOB SCHEETZ—Sir: I suffered for over two years from Dyspepsia, with a sense of suffocation and severe pain after eating, and although I tried various remedies and took medical advice, yet I found no relief until I tried your "celebrated Bitter Cordial," which I take pleasure in stating has entirely cured me. I had used one bottle, I found myself entirely cured, and have not had any return of the complaint since. I can therefore recommend it as an invaluable remedy to those afflicted in the same way.
JOHN SMITHEN,
Superintendent of Franklin square—Res., 109 N. Seventh St., Philadelphia.

Philadelphia, March 28, 1868.

MR. SCHEETZ—Dear Sir: I have used your Bitters, and seen them used with the most good effect, and in no case without producing good results. In one case a fellow workman was taken with vomiting and purging, and was so reduced that he was scarcely able to walk. I got your Bitters and gave him three doses in one hour, which entirely cured him.
THOS. BROWN, 2d Ohio st., 15th Ward.

JACOB SCHEETZ—Dear Sir: I have been afflicted for the last ten years with the Rheumatism and Gout. Your Bitters was recommended to me. I have used them, and am happy to say it has effected a perfect cure in a very short time. Therefore I recommend it to all persons afflicted with the same diseases, to consider it the best Cure in use for any disease the human body is subject to.
E. DE YOUNG, Philadelphia.

It gives me pleasure to testify that Mr. Scheetz's BITTER CORDIAL *in my* opinion is purely vegetable in its constitution, and an excellent tonic, being harmless in its character, and not being an alcoholic stimulant.
ELE STOCKTON, M. D.

JACOB SCHEETZ, Esq.—Dear Sir: At the instance of my husband, I was induced to try your BITTER CORDIAL for that distressing complaint, Dyspepsia, from which I have suffered for years. It affords me pleasure, and in justice to you, to state that after using the contents of one bottle, my health has been entirely restored. I cheerfully recommend it to those afflicted similarly.
Very respectfully yours, &c.
R. M. THOMAS, 1611 Park Avenue.

MR. JACOB SCHEETZ—Dear Sir: It affords me much pleasure to inform you that after suffering for fifteen months with Chills and Fever, I was induced to use your justly Celebrated BITTER CORDIAL, which effected a permanent cure. I only used one half pint last August, and had not a Chill since. You are at liberty to use this as you please.

MANURE.

Ideas have changed very much of late about the treatment of animal manure, especially since the very careful experiments of Professor Voelcker of the Royal Agricultural College at Cirencester, in England, the results of which are published in the Journal of the Royal Agricultural Society. These experiments seem to prove that there is no place so good for the storing of farmland manure as the surface of the field where it is to be used. The loss is it is exposed to the action of the air (and prevented from an injurious decomposition, as when built up into heaps,) the more thoroughly is it prepared for assimilation, and the more evenly are its assimilable parts distributed through the soil. If the manure is at once ploughed under, the soluble portions of each lump of manure will be taken up and held fast by the soil immediately in contact with it. So long as the manure lies on the surface, its parts, as fast as they are disengaged by decomposition, are washed into the soil by the water of rains, and distributed not much more evenly (carried to many more of its particles) than they would be in any other way.

If the object is simply to get the manure into the best condition for the use of the grass crop, you may safely spread it upon your meadows without any preliminary treatment. Of course it is best to have the manure as fine as possible, but it is not good economy to attain this result by means of "laying by for a year," nor by any other process which would be attended with the evolution of volatile ammonia and the washing of soluble salts.

Cow manure may be kept an indefinite time if protected from sun and rain. Horse manure would be most effectively used by being spread upon the land as fast as it is produced. Left by itself in heaps, even under cover, it undergoes a destructive fermentation.

USEFUL PLANTS.

It is stated that the number of useful plants is about 12,000. Of these the wants there are 1850 varieties of edible fruits, berries and seeds; 108 cereals, 27 onions; 460 vegetables and salads; 40 species of palms; 32 varieties of arrowroot, and 31 different kinds of beverages. Various drinks are obtained from 200 plants, and aromatics from 360. There are 50 substitutes for coffee, and 120 for tea. Tannin is present in 140 plants, caoutchouc in 96, gutta percha in 7, rosin and balsamic gums in 357, wax in 10, and grease and essential oils in 350; 88 plants contain potash, soda and iodine; 650 contain dyes; 47 soap; 360 weaving fibres; 44 species used in paper-making; 48 give roofing materials, and 100 are employed for hurdles and copses. In building, 740 plants are used, and there are 215 known poisonous plants. One of the most gratifying developments is, that of 278 known natural families of plants, there are but 18 species for which no use has yet been discovered.

GRAVY SOUP.

Nothing is better than shin of beef for this soup, though pieces of the rump and other parts are used; the shin should be sawed in several places, and the marrow extracted; this, if laid in the bottom of the saucepan, will take the place of butter; if marrow is not forthcoming, butter must be employed; take a fourth of the quantity of ham, brown gently until the gravy is extracted, before being taken it does not burn; a little water may be employed by the inexperienced, but not much; when it has nearly dried up again, put in herbs, a couple of carrots cut very small, pepper ground, salt, a little white sugar (this can be omitted, but it materially adds to the flavor;) add boiling water in requisite quantity, and stew gently for five hours; when cold remove the fat, and warm up as wanted.

GRAPES.—The committee appointed on the subject by the American Wine-growers' Association of Ohio, reported that *Ives' Seedling* is the best wine grape for the whole country; the Concord is the best wine grape for the State of Ohio, and the Concord the best table grape for the whole country. There are better varieties of table grapes—but they are sectional, and will only flourish on certain soils and in certain localities.

STEAM plowing, in California, promises to be a success. The machine is their own invention. It cuts furrows three feet wide, and from five to eight inches deep, pulverizing fine, travels six miles an hour, and weighs only seven tons.

LAST week a remarkable and successful blast was made at the Richmond Va.) Granite Quarry, now owned by a company in Philadelphia. The entire block of clear, beautiful granite, measuring one hundred feet long, twenty-three feet thick and twenty feet wide, was thrown out from the solid mass of the quarry. This immense block contains 46,000 cubic feet, 8,280,000 pounds, or 3,600 tons. This is probably the largest stone in one piece ever before quarried.

FOR a great many years the Russians have made use of the expansive properties of freezing water in quarrying operations. In summer they drill crevices in the marble, and fill them with water. The cold of winter causes the water to act as a wedge, and enormous masses of marble are thus detached with the smallest expenditure of manual labor.

SCARCE.—Money is still tight and failures of all kinds consequently very flat. It is generally conceded that the pressure in this neighborhood is more serious than it was in 1857.—*Danville Star.*

THE reign of high-heeled boots has been short; fashion has *utterly* disgusted them, and it is the only sensible thing fashion has done for a long time.

THE Grecian bend has come to grief in Mobile. Two young ladies who practiced out with it recently were so mercilessly ridiculed that they had to take refuge in a shop.

WHEN the Pacific railroad is opened to San Francisco, it is proposed to put on the line a "honeymoon car," for the express use of bridal parties.

ADVERSITY has ever been considered the state in which a man most readily becomes acquainted with himself—particularly being free from flatterers.

THERE is only the difference of a toss up between some vegetables. Throw up for pumpkin, and it will come down a cabbage.

COE'S COUGH BALSAM.

THIS long tried and popular Remedy is again called to the attention of the public. As often as the year rolls around, the proprietors annually make their bow to the people, and remind them that amongst the many things required for the health, comfort and sustenance of the family through the long and tedious months of winter, Coe's Cough Balsam should not be forgotten. For years it has been a household medicine—and mothers anxious for the safety of their children, and who suffer from any disease of the throat, chest and lungs, cannot afford to be without it. In addition to the ordinary four ounce so long in the market, we now furnish our mammoth family size bottles, which will, in common with the other size, be found at all Drug Stores.

FOR CROUP,

The Balsam will be found invaluable, and should always be relied upon in the most extreme cases.

WHOOPING COUGH.

The testimony of all who have used it for this terrible disease during the last ten years is, that it invariably relieves and cures it.

SORE THROAT.

Keep your throat wet with the Balsam—taking little and often—and you will very soon find relief.

HARD COLDS AND COUGHS

Yield at once to a steady use of this great remedy. It will succeed in giving relief where all other remedies have failed.

SORENESS OF THE THROAT, CHEST AND LUNGS.

Do not delay procuring and immediately taking Coe's Cough Balsam, when troubled with any of the above named difficulties. They are all prominent symptoms of Consumption, and if not arrested, will sooner or later sweep you away into the valley of shadows from which none can ever return.

In Consumption

Many a care-worn sufferer has found relief and to-day rejoices that her life has been made easy and prolonged by the use of Coe's Cough Balsam.

In short,

The people know the article, and it needs no comment from us. It is for sale by every Druggist and Dealer in Medicines in the United States.

THE ATTENTION OF THE PEOPLE IS CALLED TO THE World's Great Remedy,

COE'S DYSPEPSIA CURE.

This preparation is pronounced by Dyspeptics as the only known remedy that will surely cure that horrible eating and fatal malady. For years it swept on its fearful tide, carrying before it to an untimely grave, its millions of sufferers.

Coe's Dyspepsia Cure has come to the Rescue.

Indigestion, Dyspepsia, Sick Headache, Sour Stomach or Acidity of the Stomach, Rising of Food, Flatulency, Lassitude, Weariness, finally terminating Death.

Are as surely cured by this potent remedy, as the patient takes it. Although but five years before the people, what is the verdict of the masses? Hear what Lester Sexton, of Milwaukee, says:

[From Lester Sexton, of Milwaukee.]
MILWAUKEE, Jan. 24, 1868.
Messrs. C. G. Clark & Co., New Haven, Conn.:
Both myself and wife have used Coe's Dyspepsia Cure, and it has proved perfectly satisfactory as a remedy. I have no hesitation in saying that we have received great benefit from its use.
Very respectfully,
(Signed) LESTER SEXTON.

A Great Blessing.

[From Rev. L. F. Ward, Avon, Lorain co., O.]
Messrs. Strong & Armstrong, Druggists, Cleveland, O.:
Gentlemen—It gives me great pleasure to state that my wife has derived great benefit from the use of Coe's Dyspepsia Cure. She has been for a number of years greatly troubled with Dyspepsia, accompanied with violent paroxysms of constipation, which so prostrated her that she was all the while, for months unable to do anything. She took, at your instance, Coe's Dyspepsia Cure, and has derived GREAT BENEFIT FROM IT, and is now comparatively well. I shall recommend this medicine as a great blessing. Truly yours,
Jan. 13, 1868. L. F. WARD.

Clergymen.

The Rev. Isaac Aiken, of Allegheny, testifies that it has cured him, after all other remedies had failed.

Any druggists in the country will tell you, if you take the trouble to inquire, that every one that buys a bottle of Coe's Dyspepsia Cure from them, speaks in the most unqualified praise of its great medicinal virtues.
